4. Gather your gifts and position yourself at the truck stop entrance.

5. As drivers get up and prepare for the day (we recommend strating between 7 & 8AM) offer them a breakfast sandwich, card, and personally thank them for their efforts during this time.

6. Let them know you're praying for safe travels and protection over their health.

## THE "WIN"

When we hosted this outreach, the drivers were shocked to hear a "thank you". To us, this was the greatest win because they have spent day after day away from their families - just seeing them smile for a "thank you" humbled our hearts.
